TOTAL PLAYING AREA	—	—	~2,868 sq mt	—	Within 30,000 sq ft (2,787 sq mt) — tight; architect to optimise

Note to Architect: 30,000 sq ft = 2,787 sq mt. The total playing area above is ~2,868 sq mt net. With 30% for circulation, changing rooms, storage, spectator areas, the building needs ~3,700 sq mt (39,800 sq ft). The board allocated 30,000 sq ft — the architect needs to either optimise the layout tightly or recommend increasing the allocation slightly. The 9m ceiling height for badminton is the critical structural constraint.

2.3 Building Specification — Indoor Sports Hall
